

FERRARI
MASERATI
OF SEATTLE

GranSport MC Victory

Overview

The new arrival is a celebratory version produced in a limited and numbered edition. Its name? The GranSport "MC Victory". Externally, the GranSport "MC Victory" is instantly recognisable for its aerodynamic elements realised in blue carbon. The front splitter has been redesigned to guarantee greater down force. This renders the drive even more involving and results in precise steering and elevated stability at high speed.

Performance

Top speed 180 mph
